

LGBTQ+ Health

We make getting healthcare easier for colleagues.

During Open Enrollment and beyond, Included Health's LGBTQ+ Health connects colleagues to the high-quality, culturally affirming care they deserve.

We're here to help colleagues with any healthcare need, including:

Finding in-network doctors nearby for LGBTQ+ affirming care.

Finding pediatricians and therapists who have experience working with members of the LGBTQ+ community.

Finding OB/GYNs who use the correct pronouns and affirming doctors ready to support every health journey.

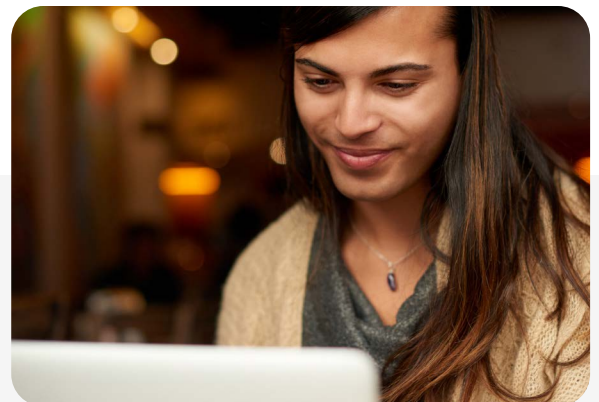

Finding community resources and local groups when extra support is needed.

What is Included Health's LGBTQ+ Health?

We're the care colleagues need, the way they want. From finding top in-network doctors and specialists to helping explain healthcare benefits and medical bills, we get colleagues the right care, right away.

How does Included Health's LGBTQ+ Health help with costs?

Whether it's getting a top in-network doctor or getting connected to community support, colleagues have a dedicated care coordinator to make sure they get high-quality care without the high cost.

What else can Included Health's LGBTQ+ Health help with?

Knowing where to go for different healthcare needs can be confusing. With a dedicated care coordinator, colleagues have a single source for help with all their healthcare needs.

Who can use Included Health's LGBTQ+ Health?

This service is available at no cost to all eligible colleagues.

Help colleagues make the most of their benefits.

- ✓ **Activate or log in to their account.**
- ✓ **Chat with a dedicated care coordinator.**
