

# How to Read the Member Identification Card

The Harvard Pilgrim member ID card **helps you identify important product and coverage information when your patient arrives at the office.** Because the information presented on member ID cards varies by health plan, we've created this guide to highlight the key features you'll find on ours.

The appearance of member identification cards will vary based on the member's product and employer group. In some cases, the logo may appear on the back of the card. Visit **HPHConnect** to verify eligibility and access member-specific coverage information.
