

Tufts Health Senior Care Options Prior Authorization, Notification, and No Prior Authorization Medical Necessity Guidelines

Effective: October 1, 2025

Overview

The following tables list services and items requiring prior authorization and notification from Point32Health.

While you may not be the provider responsible for obtaining prior authorization or notifying Point32Health, as a condition of payment you will need to ensure that any necessary prior authorization has been obtained. If notification is required, providers may additionally be required to provide updated clinical information to qualify for continued service.

The Plan uses guidance from the Centers for Medicare and Medicaid Services (CMS) and MassHealth for coverage determinations for its Dual Product Eligible plan members. CMS National Coverage Determinations (NCDs), Local Coverage Determinations (LCDs), Local Coverage Articles (LCAs) and documentation included in the Medicare manuals and MassHealth Medical Necessity Determinations are the basis for coverage determinations. When CMS and MassHealth do not provide guidance, the Plan internally developed medical necessity guidelines are used.

The following links can be used to find the criteria references below:

- CMS National Coverage Determinations (NCDs), Local Coverage Determinations (LCDs), Local Coverage Articles (LCAs) can be found: MCD Search (cms.gov)

- MassHealth DME Provider Manual can be found here <u>Durable Medical Equipment Manual for</u> <u>MassHealth Providers | Mass.gov</u>

Refer to the Referrals, Authorizations and Notifications chapter of the Senior Care Options Products Provider Manual for additional guidelines.

Member eligibility can be verified electronically using Tufts Health Plan's <u>secure online provider portal</u>, and detailed benefit coverage may be verified by contacting Provider Services.
