

Applies to:**Commercial Products**

- Harvard Pilgrim Health Care Commercial products
- Tufts Health Plan Commercial products

Public Plans Products

- Tufts Health Direct – A Massachusetts Qualified Health Plan (QHP) (a commercial product)
- Tufts Health Together – MassHealth MCO Plan and Accountable Care Partnership Plans
- Tufts Health RITogether – A Rhode Island Medicaid Plan
- Tufts Health One Care – A dual-eligible product

Senior Products

- Tufts Health Plan Senior Care Options (SCO) (a dual-eligible product)
- Tufts Medicare Preferred HMO/PPO (Medicare Advantage products)

Policy

Point32Health reimburses licensed ambulance companies for the provision of emergency and non-emergency ambulance transport services. These services are comprised of advanced life-support (ALS), basic life-support (BLS), wheelchair van or air ambulance services.

All ambulance transport providers must participate in the Medicare (Title XVIII) program to be eligible to render services.

Prerequisites

Applicable Point32Health referral, notification and authorization policies and procedures apply. Certain procedures, items and/or services may require referral and/or prior authorization. While you may not be the provider responsible for obtaining prior authorization, as a condition of payment you must confirm that prior authorization has been obtained.

Harvard Pilgrim Health Care members refer to [Referral, Notification and Authorization](#)

Tufts Health Plan members refer to [Referral, Prior Authorization, and Notification Policy](#)

General Benefit Information

Services are pursuant to the member's benefit plan documents and are subject to applicable member out-of-pocket cost (e.g., copayment, coinsurance, deductible). Member eligibility and benefit specifics should be verified prior to initiating services.

If a provider arranges non-covered transportation services, the ordering party may be held financially responsible.

Use of non-contracted providers may have the unintended consequence of subjecting the member to unnecessary services not ordered by the treating provider or other unreasonable financial exposure. In such circumstances, Point32Health may hold the ordering provider accountable for any inappropriate behavior on the part of the nonparticipating provider that has been selected.

Point32Health Reimburses

- Medically necessary emergency transport
- Medically necessary transportation mileage
- Medically necessary authorized rotary wing air ambulance transports and authorized fixed wing air ambulance transports
- Medically necessary authorized non-emergent medical transportation services when provided by a participating provider

Point32Health Does Not Reimburse

- Ambulance waiting time
- Ancillary transportation fees including parking fees and tolls, or other associated fees for lodging or meals for either the recipient or an escort, unless otherwise indicated in plan documents
- Extra ambulance attendant, ground (advanced life support [ALS] or basic life support [BLS]) or air (fixed or rotary winged; requires medical review)
- Items and services which include, but are not limited to oxygen, supplies, EKG services, and/or drugs. These services are considered included in the reimbursement rate for the transport and are not reimbursed separately
- Non-covered ambulance mileage, per mile (e.g., for miles traveled beyond closest appropriate facility)
- Non-emergent air or ground transportation to/from origins or destinations not listed in the applicable medical policy
- Non-emergent ambulance services provided to a member during an inpatient/outpatient admission. Non-emergent ambulance services are included as part of the facility reimbursement rate and should be billed to the facility
- Non-emergency transportation including but not limited to taxi, bus, mini-bus, mountain area transports, or other transportation systems, private or commercial air travel or vehicles provided by a volunteer with no vested interest or a vehicle provided by an individual with vested interest. (**Note:** Some non-emergency transportation services may be reimbursed according to applicable authorization requirements and benefit plan documents)
- Transportation for the purpose of receiving an excluded or non-covered service
- Transportation provided by an ambulance company that is not licensed or by non-licensed personnel
- Unlisted ambulance service(s)

*Effective for dates of service on or after April 1, 2024, Tufts Health Plan will no longer reimburse non-emergent ambulance services provided to a member during an inpatient/outpatient admission. These services are included as part of the facility reimbursement rate and should be billed to the facility.

Provider Billing Guidelines and Documentation

Providers are reimbursed according to the applicable contracted rates and fee schedules.

Coding

These code tables may not be all inclusive

Code	Description
A0998	Ambulance response and treatment, no transport- Reimbursed for Harvard Pilgrim Health Care Commercial Plans and Tufts Health Public Plans only
A0999	Unlisted ambulance service- Not reimbursed

Modifiers

Point32Health requires two-digit HCPCS ambulance service modifiers be submitted in the first modifier field for all ambulance services. The first digit identifies the ambulance's place of origin, the second digit identifies the destination.

Code	Description
D	Diagnostic or therapeutic site other than "P" or "H" when these are used as origin codes
E	Residential, domiciliary, custodial facility (other than 1819 facility)
G	Hospital-based ESRD facility
H	Hospital
I	Site of transfer (e.g., airport or helicopter pad) between modes of ambulance transport
J	Free standing ESRD facility (non-hospital based)
N	Skilled nursing facility (SNF)
P	Physician's office
R	Residence
S	Scene of accident or acute event
X	Intermediate stop at physician's office on the way to hospital (destination code only) Note: Modifier X can only be used as a destination code in the second position of a modifier

The following modifiers are considered secondary modifiers. Do not bill these modifiers in the first position.

Code	Description
GM	Multiple patients on one trip
QL	Patient pronounced dead after ambulance called (non-covered for Senior Products)
QM	Ambulance service provided under arrangement by a provider of services
QN	Ambulance service furnished directly by a provider of services

Tufts Health Plan Non-Emergency Medical Necessity Documentation Submission

Commercial Plans

Medical necessity forms and trip notes are not required for nonemergency ground ambulance transportation claims billed with origin and destination modifier combinations DH, EH, GH, HD, HG, HH, HJ, JH, NR, PH, RH, or RN. All other origin and destination modifier combinations billed for nonemergency ambulance and/or scheduled ground transportation services are subject to retrospective review prior to claims adjudication. In these instances, the provider should submit a completed medical necessity form (and trip notes, when necessary) with the claim. Point32Health will accept medical necessity forms that are used by the ambulance provider.

Note: Medical necessity forms should only be faxed to Tufts Health Plan in instances where financial responsibility resides with Tufts Health Plan, rather than the facility.

Tufts Health Together and Tufts Health RITogether

Certain claims for non-emergency transportation services for Tufts Health Together and Tufts Health RITogether members must be submitted directly to MassHealth and/or RI EOHHS. Refer to the following resources for [Massachusetts](#) and [Rhode Island](#) to determine appropriate coverage and claims submission requirements.

Other Information

- Bill round-trip ambulance transport on two separate lines, line one for the initial transportation and line two for the return transportation
 - Exception: When transport is provided between two like facilities, bill on one line with a count of two. For example, from Hospital A to Hospital B (modifier HH) and from Hospital B back to Hospital A (modifier HH)
- If submitting a claim for non-covered services, ambulance providers should submit a medical necessity form indicating the service is non-covered along with a valid acknowledgement of liability signed by the member. Claims submitted without a medical necessity form will deny as provider responsible

Background and Disclaimer Information

This policy applies to the products of Harvard Pilgrim Health Care and Tufts Health Plan and their affiliates, as identified in the check boxes on the first page for services performed by contracted providers.

Payment is based on member benefits and eligibility on the date of service, medical necessity review, where applicable, and the provider's network participation agreement with the Plan. As every claim is unique, this policy is neither a guarantee of payment, nor a final indication of how specific claim(s) will be adjudicated. Claims payment is subject to member eligibility and benefits on

the date of service, coordination of benefits, referral/authorization and utilization management requirements (when applicable), adherence to Plan policies and procedures, and claims editing logic. An authorization is not a guarantee of payment.

Point32Health reserves the right to amend a payment policy at its discretion. CPT and HCPCS codes are updated as applicable; please adhere to the most recent CPT and HCPCS coding guidelines.

We reserve the right to conduct audits on any provider and/or facility to ensure accuracy and compliance with the guidelines stated in this payment policy. If such an audit determines that a provider/facility did not comply with this payment policy, Harvard Pilgrim Health Care and Tufts Health Plan will expect the provider/facility to refund all payments related to noncompliance.
