Medical Record Documentation and Physician Queries

Harvard Pilgrim will not accept retrospectively amended medical records or physician queries beyond 30 days from the service date.

Harvard Pilgrim considers medical record documentation and/or physician queries upon review as the official record to support services provided for the basis of coverage or reimbursement determination.

Clinical documentation or physician queries amended over 30 days from the service will not be accepted to defend reimbursement, increase reimbursement, or consideration of a previously denied claim.

Appeal Response

- If the appeal is received within the 180-day filing limit, Harvard Pilgrim will review the appeal; if your request for an appeal is beyond the 180-day filing limit from the date of Harvard Pilgrim's EOP original denial or payment date, it will not be considered.

- If the denial is reversed, the letter explains that the claim will be adjusted in accordance with payment policy, member agreement, and hospital contract.
