

Introduction

About the Commercial Provider Manual

Tufts Health Plan developed this manual to supply our providers and their office staff with details on certain products, policies, and procedures of Tufts Health Plan. The Commercial Provider Manual applies to Commercial¹ products. Tufts Health Plan requires that providers and their staff read, abide by, and reference this manual as necessary.

For more information on Tufts Health Plan Senior Products or Tufts Health Public Plans policies and procedures, refer to the [Senior Products](#) or [Tufts Health Public Plans](#) provider manuals.

Note: The information contained in this Provider Manual is subject to change and may be periodically updated throughout the year to reflect new information, including, but not limited to, changes in law, rules, regulations, and/or requirements of any applicable state or federal agency, industry updates, or other business decisions that may affect how providers do business with Tufts Health Plan. Providers should also refer to their contracts for specific compensation provisions and may contact Commercial Provider Services at **888-884-2404** with additional questions.

Overview of Tufts Health Plan

Tufts Health Plan is designed to arrange for comprehensive health care services to its members and encourage appropriate treatment and efficient use of medical services. Tufts Health Plan offers eligible employer groups and individual enrollees a range of products and plan designs. Refer to the [Our Plans](#) section of the public Provider website for overviews of individual products.
