---

**Policy**

Point32Health reimburses medically appropriate observation services when rendered in a contracted acute care hospital. Observation stays are an alternative to an inpatient admission that allows reasonable and necessary time to evaluate, stabilize and treat a member whose diagnosis and treatment is not expected to exceed 24 hours but may extend up to 48 hours before a decision can be made to discharge or admit to inpatient. Plan notification is not required for observation stays.

Tufts Health Together, Tufts Health RITogether, and Tufts Health One Care

Medically necessary observation stays may be authorized for greater than 48 hours. Notification is required within one business day from the beginning of the observation stay using the Inpatient Notification Form located in the Provider Resource Center.

---

**Prerequisites**

Applicable Point32Health referral, notification, and authorization policies may apply.

Harvard Pilgrim Health Care members refer to [Referral, Notification and Authorization](#).

Tufts Health Plan members refer to [Referral, Prior Authorization, and Notification Policy](#).

---

**General Benefit Information**

Services are pursuant to the member's benefit plan documents and are subject to applicable member out-of-pocket cost (e.g., copayment, coinsurance, deductible). Member eligibility and benefit specifics should be verified prior to initiating services.

Use of non-contracted labs may have the unintended consequence of subjecting the member to unnecessary services not ordered by the treating provider or other unreasonable financial exposure. In such circumstances, Point32Health may hold the ordering provider accountable for any inappropriate behavior on the part of the nonparticipating lab that has been selected.

---

**Point32Health Reimburses**

Point32Health reimburses observation services when medically appropriate, typically for up to 48 hours.

**Commercial Products (including Tufts Health Direct)**

Effective for dates of service on or after January 1, 2025, any request for a short stay inpatient admission (48 hours or less) will be categorized as an observation stay rather than inpatient level of care. Providers will receive an administrative denial of the inpatient notification.

Exceptions to this policy include, but are not limited to, the following:

- Admission to a behavioral health facility including for acute psychiatric or substance use disorder treatment
- Obstetrical admission resulting in delivery
- Admission where patient was discharged against medical advice or died during hospitalization
- Neonatal admission
- Admission requiring intensive critical care services (such as intubation and mechanical ventilation)
- Patient is transferred to a higher level of care before 48 hours of inpatient admission at the initial facility

## Point32Health Does *Not* Reimburse

Observation stay is not considered an appropriate designation for the following, and is therefore not reimbursed:

- Custodial care
- Observation care services submitted with routine pregnancy diagnoses
- Preparation for, or recovery from, diagnostic tests (e.g., fetal non-stress tests, sleep studies)
- Retaining a member for socioeconomic factors
- Services routinely performed in the emergency or outpatient department
- The routine recovery period following a surgical day care or outpatient procedure

## Provider Billing Guidelines and Documentation

Providers are reimbursed according to the applicable contracted rates and fee schedules.

Services Rendered	Comments
Observation	Observation only
Surgical day care (SDC)/outpatient procedure and observation	Observation services are included in compensation for the SDC/outpatient procedure and will not be compensated separately
Emergency department (ED) services and observation	ED services are included in the payment for observation services
Observation and inpatient admission (same day)	Observation services are included in the compensation for the inpatient admission
Observation and inpatient admission (prior days) for a facility with a non-DRG arrangement	Both observation and inpatient services will be covered when observation services are billed with a date prior to the inpatient admission
Observation and inpatient admission (prior days) for a DRG event	Observation services and any related services rendered within 3 days of admission are included in the compensation for the inpatient admission
Observation and inpatient admission for percent-of-charge based reimbursement (same day)	Observation services are included in the compensation for the inpatient admission
Observation and inpatient admission for percent-of-charge based reimbursement (prior days)	Both observation and inpatient services will be covered when observation services are billed with a date prior to the inpatient admission
Observation stay provided within one day of inpatient admission for per-diem based reimbursement	Observation services are included in the compensation for the inpatient admission
Services Rendered	Comments
Observation	Observation only

## Submission instructions for observation services that result in an inpatient admission

Observation Services Resulting in an Inpatient Admission	How to Submit
Observation and inpatient admission (same day)	Submit observation and inpatient services on the same claim.
Observation and inpatient admission (next day) on same claim	Submit the observation charge (revenue code 0762) on the inpatient claim. Submit inpatient admit date as the admission date (not

Observation Services Resulting in an Inpatient Admission	How to Submit
Observation and inpatient admission (next day) on 2 claims*	observation date) to correspond with inpatient notification. Submit one claim for observation and one claim for inpatient admission. Do not submit revenue code 0762 on the inpatient claim.

\*Applies to Tufts Health Plan Commercial products only

### **Commercial Products**

- Submit observation services with revenue code 0762 and applicable procedure code(s) on the UB-04 form or 837I
- Submit units to indicate hours of observation on the same claim line

### **Senior Products**

- Submit revenue code 0762 with HCPCS G0378 and G0379 as appropriate on the UB-04 form or 837I
- Submit units to indicate hours of observation on the same claim line when billing G0378
- Submit G0379 with a count of 1 when applicable

### **Public Plans**

- Submit revenue code 0762 for all observation services
- **Tufts Health Together- eAPG methodology only:**
  - Submit procedure codes G0378 and G0379 as appropriate
- **Tufts Health Direct, Tufts Health Together, Tufts Health RITogether and Tufts Health One Care:**
  - Submit procedure codes 99221-99223 and 99231-99235 as appropriate

### **General Billing**

- Revenue code 0762 requires a CPT or HCPCS code
- Report one observation service on one claim
- Bill observation services that are a result of an ED visit or SDC/outpatient procedure on the same UB-04 form or 837I
- Refer to applicable provider manual(s) for claims submission guidelines

### **Physician Responsibilities**

- The medical documentation must indicate and support the physician's intent, including the date and start time, to place the member in observation status
- The attending physician is responsible for evaluating the member at least once each 24-hour interval.

### **Behavioral Health Services Provided within Acute Care Hospitals for Emergency Psychiatric Inpatient Admission (EPIA) Patients ("BH Boarding")**

Submit claims using the following information for members receiving appropriate behavioral health (BH) care to treat and/or stabilize their condition while awaiting appropriate inpatient psychiatric placement.

#### **Commercial Products**

Submit one claim for medical services and another claim for BH boarding services for Commercial products, as follows:

#### **Medical Claim**

- Submit Bill type 13X (if the member was originally in observation for a medical condition)
- Submit revenue code 0762 (Observation Services) and the appropriate CPT/HCPCS code (units should be submitted in hours; max. 48 hours)
- Ancillary services related to the medical observation stay should be included on the claim

**Note:** providers should follow all other existing medical observation stay requirements

#### **BH Claim**

- Submit Bill type 13X
- Submit revenue code 0769 (Other Observation) and the appropriate CPT/HCPCS code (Note: units for 0769 should be submitted in hours)
- Ancillary services related to BH services should be included on the claim for boarding services

#### **Tufts Health Direct**

- Submit one claim with Bill type 13X
- **Medical services:** submit revenue code 0762 (Observation Services) and the appropriate CPT/HCPCS code (units should be submitted in hours; max. 48 hours)
- **BH boarding services:** Submit revenue code 0769 (Observation Services-Other) with S9485 (units should be submitted in days)

- All services should be included on one claim; it is not necessary to submit separate claims.

## Background and Disclaimer Information

This policy applies to the products of Harvard Pilgrim Health Care and Tufts Health Plan and their affiliates, as identified in the check boxes on the first page for services performed by contracted providers.

Payment is based on member benefits and eligibility on the date of service, medical necessity review, where applicable, and the provider's network participation agreement with the Plan. As every claim is unique, this policy is neither a guarantee of payment, nor a final indication of how specific claim(s) will be adjudicated. Claims payment is subject to member eligibility and benefits on the date of service, coordination of benefits, referral/authorization, and utilization management requirements (when applicable), adherence to Plan policies and procedures, and claims editing logic. An authorization is not a guarantee of payment.

Point32Health reserves the right to amend a payment policy at its discretion. CPT and HCPCS codes are updated as applicable; please adhere to the most recent CPT and HCPCS coding guidelines.

We reserve the right to conduct audits on any provider and/or facility to ensure accuracy and compliance with the guidelines stated in this payment policy. If such an audit determines that a provider/facility did not comply with this payment policy, Harvard Pilgrim Health Care and Tufts Health Plan will expect the provider/facility to refund all payments related to noncompliance.
